EDUCATION

B.E CCE	Sri Eshwar College of Engineering	CGPA: 8.36(upto 2 nd Sem)	2024-2028
HSC	Ambal Matric Hr Sec School	85.5%	2023-2024
SSLC	Ambal Matric Hr Sec School	93%	2021-2022

PROJECTS

Ethic AI	OCT 2025
Developed a bias detection prototype using a pre-trained Transformer model to identify ethical issues in AI-generated text, creating a foundational pipeline and demonstrating the importance of domain-specific fine-tuning for accuracy. Tech Stack - HTML, CSS, JavaScript, Java Spring Boot, MongoDB GitHub Link	
Smart Home Automation – AI-Integrated IoT Simulation	AUG 2025
Built an AI-powered, IoT-based assistive solution enabling hands-free control of home appliances through facial gestures, combining real-time computer vision, Arduino Uno simulation, and safety alert features to enhance independence and safety for physically disabled and elderly users. Tech Stack - Python, OpenCV, MediaPipe, Arduino Uno, PySerial, IoT, Computer Vision. GitHub Link	
Learn In Silence – AI Powered ISL Interpreter	JUNE 2025
Built an inclusive platform enabling deaf and mute users to understand spoken content by uploading audio and receiving sign-language visual output, with accessible UI and a responsive, user-friendly design. Tech Stack - Python (Django), HTML, CSS, JavaScript. GitHub Link	
Invoice Generator	APR 2025
Engineered a user-friendly web application to create and manage invoices efficiently. The tool automates invoice generation with customizable fields, enhancing accuracy and saving time for small businesses and freelancers. Tech Stack – HTML, CSS, JavaScript. GitHub Link	

CODING PROFILES

Skill Rack	- Solved 950+ problems Received 10+ certificates 242 Bronzes Boopana M
Leetcode	- Solved 245+ problems Max Rating: 1472 Global rank: 547,924 Boopana-M
Codechef	- Problem Solver - Bronze Badge Boopana M
Hakerrank	- Boopana M
Sololearn	- Introduction to HTML Introduction to CSS Introduction to JavaScript

CERTIFICATIONS

Mastering Data Structures & Algorithms using C and C++	Udemy	MAY 2025
Python Using AI Workshop	AI FOR TECHIES	MAR 2025
Introduction to HTML & CSS	Sololearn	JAN 2025
C++ Training Completion	IIT Bombay	DEC 2025
C Training Completion	IIT Bombay	DEC 2025
Fundamentals of Generative AI	GUVI	OCT 2025

ACHIEVEMENTS

Been Consistent in LeetCode platform for more than 120 Days and attended 33 contests	
Winner in CodeLee Contest	APR 2025
Secured 1st place in CODELEE (Leetcode) coding contest in Semester 2	
Runner in CodeLee Contest	JAN 2025
Secured 3rd place in CODELEE (SkillRack) coding contest in Semester 1	
Winner in Createathon	DEC 2024
Won 1st place in classlevel web-design competition	

SKILLS

Programming - C | C++ | Java
Core Concepts - Data Structures | OOP | DBMS
Web Technologies - HTML | CSS | MERN Stack
Database Technologies – MySQL | MongoDB
Tools - VSCode | Canva | Microsoft Word | PowerPoint | Jupyter Notebook | GitHub | Git | Figma
